

WARNINGS & WARRANTY

WARNINGS:

- Please be responsible with your automatic traps and use only as recommended in the Success Guides.
- Always treat your trap as LIVE and only install the CO₂ CANISTER when the trap is set correctly and ready to activate. Never assume the trap is empty or not live.
- Once the CO₂ CANISTER is removed from it, the trap may still contain enough pressurised gas to fire if triggered. Release this remaining shot by test firing the trap once before removing it from the TREE MOUNT.
- Only test fire the trap while the trap is set correctly. To test fire the trap see the section named 'TEST-FIRE YOUR TRAP' on Page 8 of the Success Guides. Always wear appropriate safety gear when setting and test firing a trap.
- Never put hands or objects in the entrance of the trap (SHROUD ENTRANCE). This can fire the trap and can damage the working components or cause injury.
- Never deliberately fire and re-fire the trap in quick succession as this can damage the internal seals.
- Use only Goodnature CO₂ CANISTERS in Goodnature traps. Goodnature 16 gram CO₂ CANISTERS are manufactured to the highest standard and have silicone added to lubricate the regulator and seals to increase the life of the trap. Using non-Goodnature CO₂ CANISTERS voids the product warranty.
- NEVER use a petroleum-based lubricant in your trap.
- Set traps at the height recommended in this handbook and be considerate of others when choosing the trap's location.
- Never engage in "horseplay" with the trap.
- Store CO₂ CANISTERS below 49°C
- Never shift the trap when it is live.

WARRANTY

We are dedicated to delivering a quality product to all our customers. All of our products are warranted for two years from date of purchase against defects in material and workmanship.

If we determine that the product has a manufacturing fault, we will repair or replace it free of charge to you. The decision to repair or replace is solely at the discretion of Goodnature.

Only the original owner is covered by the manufacturer's warranty and must have purchased the product from an authorised Goodnature dealer.

WHAT IS NOT COVERED UNDER WARRANTY?

Our manufacturing warranty does not cover claims resulting from misuse, abnormal use, or installation contrary to instructions, transportation damage

(including airline or freight damage), dropped goods, negligence, second hand product, modified product (including use of CO₂ canisters not supplied by Goodnature). Our warranty also does not cover corrosion to fasteners as a result of atmospheric or environmental conditions.

OUTSIDE OF WARRANTY TERMS?

If your product is outside the two year warranty period or if the fault is not covered by the manufacturer's warranty, we will happily repair your product where possible for a reasonable charge.

If your product is less than two years old and subject to a warranty claim please contact:
